You Have a Choice...

These children are alive today because their parents changed their minds about abortion!

THOUSANDS of women have **NOT** kept their appointment with the abortionist.

*They have kept
their babies instead!*
Parenting or the Gift of Adoption

You have the right to have your baby.

Don't let *anyone* deprive you of the love of your son or daughter. When you are holding your baby in your arms, you will know you did the right thing. You will feel proud that you endured a tough situation and gave your child life!

If you would like to talk about adoption, we can help.

**Choose
Life -
Choose
Love!**

It's Not Too Late for You!

Early Medical Abortions (the "Abortion Pill")

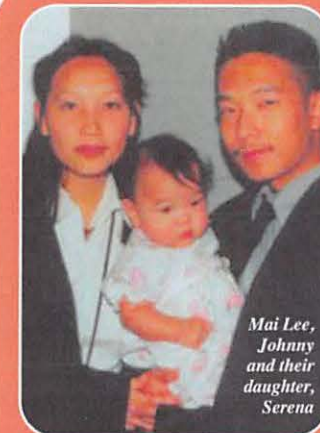

Even if you've already taken the first drug (mifepristone, Mifeprex), your baby may survive and be born healthy. Don't take the second drug (misoprostol, Cytotec)!

For help: 1-877-558-0333
or www.abortionpillreversal.com

Second and Third Trimester Abortions

No matter what the abortion center tells you, laminaria dilators CAN be safely removed by a competent doctor, preventing infection and allowing your pregnancy to continue normally. Likewise, if you have taken the drug Cytotec (misoprostol), your baby may still be alive. Let us direct you to a doctor who can help.

"Removing those laminaria dilators was one of the most important choices I have ever made in my life, and five months later a beautiful baby girl was born to me. Serena is such a joy in my

life and I thank God for blessing me with her. Each and every day Serena continues to be the example to our friends and family members of how precious life really is."

— Mai Lee Yang

Abortion is the leading cause of death in the world, ending more lives than cardiovascular disease, cancer, AIDS, war, hunger ... or any other cause.*

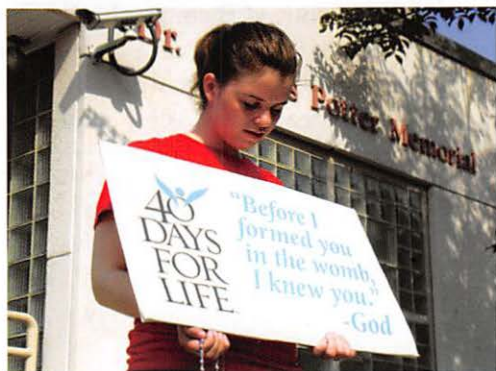

But we can change that.

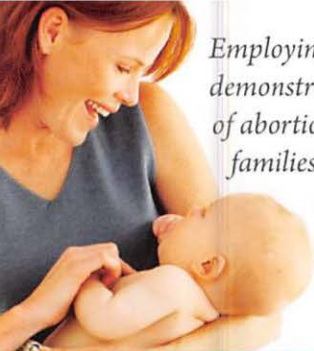

*Based on data from the World Health Organization, and the Guttmacher Institute.

40 DAYS FOR LIFE™

**THE BEGINNING
OF THE END
OF ABORTION**

Employing a determined, peaceful approach, 40 Days for Life will demonstrate to the people of your community the consequences of abortion in their neighborhoods, for their friends and for their families. Your campaign will engender a desire to participate in God's plan for the end of abortion. It will draw attention to the evils of abortion through the use of a three-point program of Prayer and Fasting, Peaceful Vigil, and Community Outreach ...

PRAYER AND FASTING — Prayer is at the center of 40

Days for Life. You will call on people of faith in your community to fall on their knees before the Lord, asking Him to heal our land. Individuals, churches, families, and groups all over the world join together in prayer as the entire Body of Christ unites in a prayer for God's help in healing the pain of women and innocent children at risk of abortion; men and women suffering the pain of past abortions; workers at Planned Parenthood facilities and other abortion centers; local, regional, and national leaders; and for a revival and renewal of our churches.

PEACEFUL VIGIL — The centerpiece of 40 Days for Life is

a focused, 40-day, nonstop, round-the-clock prayer vigil outside a Planned Parenthood center or other abortion facility. It is a peaceful and educational presence. Those whom God calls to stand witness send a powerful message about the tragic reality of abortion. It also serves as a call to repentance for those who work at the abortion center and those who patronize it. If you don't have an abortion facility or Planned Parenthood office in your town, you can still conduct a 40 Days for Life vigil. Select another location with strategic significance – the city hall, a courthouse, or a highly visible intersection.

COMMUNITY OUTREACH — Take the 40 Days mes-

sage to every corner of your community. Using carefully targeted news stories, talk shows, editorials, and opinion pieces, your media outreach will take the message to people who'll never see the inside of a church. Meet with pastors, church leaders, and members of different congregations and get them involved with the entire Body of Christ as we pray together to save lives and make an eternal impact. A door-to-door petition and education drive, informational flyers, wristbands, yard signs, and bumper stickers are other ways people can visibly demonstrate their support for 40 Days for Life.
